<b>Lesson outline</b>		In this lesson we are going to be learning about the seven continents. We are going to learn what a Geographer is and how important they are. We will be looking at the seven continents, comparing their size and location on our planet. We will then be learning all about what the equator is. You will need a piece of paper and a pencil for this lesson.	In this lesson we are going to be virtually flying all across Europe, learning more about this wonderful continent. We will be learning all about how many people live in Europe, what food you can eat if you visit and what places you would see. You will need a piece of paper and a pencil for this lesson.	In this lesson, we are going to be virtually flying to Australia; the continent is also known as Oceania and Australasia. Today, we are learning more about this small continent. First, we will be filling our brains with facts about the population, how many countries are in Australia and the currency they use. Then we will be looking at the interesting animals and landmarks you could see if you visited Australia.	In this lesson, we are going to be virtually flying to Africa! Today, we are learning more about this huge continent. First, we will be filling our brains with facts about the population and how many countries are in Africa. I am so excited that we will be looking at different foods which are grown in Africa and transported all over the world. Then we will be looking at the interesting animals and landmarks you could see if you visited Africa. Get your passport ready, let's virtually fly to Africa!
