	<b>Lesson outline</b>	<p>We are going to be virtually flying to Asia, which is the largest continent. First, we will be filling our brains with facts about the population and how many countries are in Asia. Then we will be looking deeper into what the landscape is like, it ranges from rainforests to mountains to plains! There are lots of different animals you could see if you visited parts of Asia, and lots of interesting fruit is also grown in the continent.</p>	<p>We are going to be virtually flying to North America, which is the third largest continent. First, we will be filling our brains with facts about the population and how many countries are in North America. We will be looking at the second largest island which is in North America, called Greenland. Finally, we will be studying some different places in North America that you might not have heard of before! We will finish this lesson by reading a story about some animals from Africa.</p>	<p>We are going to be virtually flying to South America which is in the southern hemisphere. First, we will be filling our brains with facts about the population and how many countries are in South America. Then we will be learning about the physical features on this continent. It has lots of different elements! We will then be looking more in depth into the Amazon rainforest which is located in this wonderful continent.</p>	<p>We are going to be virtually flying to Antarctica, which is the coldest continent so get your coats ready! First, we will be filling our brains with facts about the size of this continent, the population and the climate. We will also be learning about some incredible animals which live in Antarctica We will explore how they are able to survive such harsh conditions.</p>	<p>We will begin by using geographical vocabulary to describe the landscape in Alaska and Cornwall. We will be learning what physical features are in geography and locating Alaska and Cornwall on a map. We will then be identifying the differences in physical features in Alaska and Cornwall.</p>
	<b>Extra Notes</b>	<p>Look at the facts worksheet about Asia and complete exit quiz.</p>	<p>Complete intro quiz. Look at the facts worksheet about North America. Complete exit quiz.</p>	<p>Complete intro quiz. Look at the facts worksheet about South America. Complete exit quiz.</p>	<p>Complete intro quiz. Look at the facts worksheet about the Antarctic. Complete exit quiz.</p>	<p>Complete intro quiz. Look at the facts worksheet about the Antarctic. Complete exit quiz.</p>

Week beginning Monday 11<sup>th</sup> January 2021
