Lesson outline	We will be reading the time on digital and analogue clocks.	We will be converting time between 12 and 24 hour clocks.	We will be converting time between hours, minutes and seconds.	We will be converting time between years, months and weeks.	We will be solving different time word problems.	
Extra Notes	If you haven't got the worksheet, remember you can draw your own clocks!	If you haven't got the worksheet, remember you can draw your own clocks!	Copy out the times and convert them if you need.	Remember to send the work through that you've completed for me to check!	Copy out the work problems and answer them correctly. Remember to show your working and send through your answers!  If you finish, don't forget to practice your times tables.	

Week beginning Monday 11<sup>th</sup> January 2021
