

Year 6	Lesson 1	Lesson 2	Lesson 3	Lesson 4
Math	Understanding angles	To recognise right angles	To recognise obtuse and acute angles	Angles within a shape
<p>All maths work should be completed in their pupil maths book. Worksheets are numbered by day. Work can be photographed and emailed for feedback.</p> <p>https://classroom.thenational.academy/lessons/recognise-right-angles-6hj3jr?activity=intro_quiz&step=1</p>	<p>In this lesson we will revise what an angle is, how to identify angles in shapes and how to identify the size of an angle</p> <p>Complete worksheet 'Day One' copying into books if needed</p>	<p>In this lesson we will learn how to make a right angle measurer (90), then use this to identify right angles within angles, shapes and daily objects.</p> <p>Complete worksheet 'Day Two' copying into books if needed.</p>	<p>In this lesson we will learn to recognise acute and obtuse angles and shapes, then draw them on paper.</p> <p>Complete worksheet 'Day Three' copying into books if needed.</p>	<p>In this lesson we will learn how to recognise and draw angles within shapes, then understand statements about angles and properties of shapes.</p> <p>Complete worksheet 'Day Four' copying into books if needed.</p>
