	Lesson outline	In this lesson we are going to learn about light and dark. We will learn where light comes from and how we can see it. We will also learn about what causes things to be dark.	In this lesson, we will be learning how our eyes are able to see different objects. We will find out how light travels from a light source to our eyes and what happens when it reaches the eye.	In this lesson, we will be learning about the difference between night and day. You will find out how the earth turns and why night and day happen.	In this lesson, we will be learning about reflective and non-reflective materials. We will investigate which objects are made from reflective materials and which objects are made from non-reflective materials.	In this lesson, we will be learning about shadows and how they are formed.
	Extra Notes	Make sure to complete the worksheet and exit quiz! You will need a piece of paper and a pencil.	Make sure to complete the intro quiz, worksheet and exit quiz! You will need a piece of paper and a pencil.	Make sure to complete the intro quiz, worksheet and exit quiz! Find yourself a torch and an orange, all will be revealed!	Make sure to complete the intro quiz, worksheet and exit quiz!	Make sure to complete the intro quiz, worksheet and exit quiz! You will need a pencil, a piece of paper, and some objects from around your home. These will be explained in the video.

Week beginning Monday 18th January 2021
