<p style="text-align: center;">Lesson outline</p>		<p>In this lesson we take a closer look at equivalent fractions. We explore the relationship between the numerator and denominator in pairs of equivalent fractions.</p>	<p>In this lesson we use pizza problems to explore the connection between fractions and division.</p>	<p>In this lesson we will compare pairs of fractions, firstly, with the same denominator, then with different denominators.</p>	<p>Today, pupils will learn how to order sets fractions by their value.</p>	<p>In this lesson, you will be introduced to mixed numbers and learn how to read, write and represent them.</p>
<p style="text-align: center;">Extra Notes</p>		<p>Once you've completed the main activity, don't forget to have a go at the exit quiz!</p>	<p>Don't forgot to try the intro quiz, worksheet and exit quiz!</p>	<p>Don't forgot to try the intro quiz, worksheet and exit quiz!</p>	<p>After you have completed your independent worksheet don't forget to do the exit quiz!</p>	<p>Once you've completed the main activity, don't forget to have a go at Exit quiz!</p>
