

Year 2 Knowledge Organiser Science: Animals Including Humans

ALL SAINTS
MULTI ACADEMY TRUST
BIRMINGHAM
GOD'S LOVE IN ACTION

Key Vocabulary	
Adult	A fully grown animals or plant.
Develop	To grow bigger and become stronger.
Life – cycle	The changes living things go through
Offspring	The child of an animal
Young	Offspring that has not reached adulthood
Live young	Offspring that has not hatched from an egg

Some animals give birth to **live young**.

Some animals lay eggs which the **young** hatch from.

Both of these types of **young** then **develop** into **adults**.

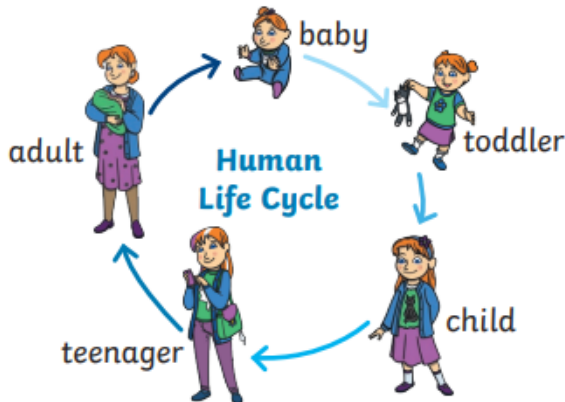

Some **offspring** look like their **adult** when they are born.

Some **offspring** do not look like their **adult** when they are born.

All **young** animals change as they go through the different stages of their **life cycle** and grow into **adults**.

To grow into a healthy adult, we must eat the right types of food in the right amount and **exercise**.

Water, lower fat milk and sugar-free drinks.

Eat less often and in small amounts.

oil and spreads
Choose unsaturated oils and use in small amounts.

What do I already know?

Humans have 5 senses. These are; taste, touch, sight, hearing and smell.

Amphibians live in the water as babies and on land they grow older. They have smooth slimy skin.

Fun Facts

Being active and exercising keeps our bodies and minds healthy.

To stop germs from spreading, it is important to be hygienic.

To stay alive, all humans have 3 basic needs for survival, air, water and food.

Key Vocabulary
