UKS2 HAD FUN LEARNING ABOUT **GRAVITY**

EYFS

This week the children have enjoyed learning about their sense of sight. They walked around our school to take pictures, drew portraits for their friends and also made some really cool coloured glasses!

Next week we will learn about our sense of touch.

A few school jumpers have gone missing lately. If your child has come home with somebody else's jumper, please return them to school where we can return them to the right owner.

KS1

This week, we have been looking at the Big Garden Bird Watch project which looks at feeding birds during winter. The children have designed and will be making their own bird feeders.

In Maths, Year 2 are learning to tell the time. It would be extremely helpful if you could go over this at home, so they can pick it up quicker, as telling the time is an area of particular difficulty for most children.

Bible Verse of the Week

“For God has not given us a spirit of fear and timidity, but of power, love and self-discipline.”

2 Timothy 1:7

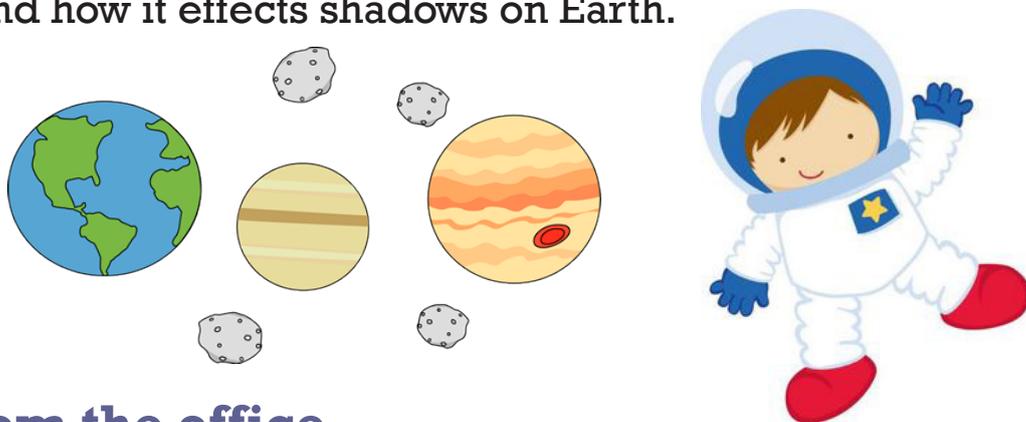

LKS2

The children are preparing for their new Topic in International Week, they will be looking at their chosen topic of Nigeria. We would like to ask all parents if they have any spare material that they can donate to the phase, it would be appreciated.

UKS2

UKS2 have been exploring the universe, galaxies and solar system. Examining how our planet survives in the milky way and discussing other possibilities. Next week, we will be finishing our Science topic by exploring the sun and how it effects shadows on Earth.

Information from the office

Please ensure you read the letter about 'Spotlight on Attendance' - which has been sent in your child's bag this week.

Children need to be able to enter into the school with clear visibility, please do not park in front of the gates. There are large yellow zigzag lines marking clearly that a no parking area. Please drop off your children across the road and accompany them safely into the school.
